7:24PM EST and still not unlocked. Unacceptable.. Originally, I was going to keep to keep my review negative due to the horrid launch of the first 3 characters....but they are honestly three of the best characters in the entire game.. this shouldnt be \$30. It's a really fun game, chaotic, difficult to play that leave you with some much space for creating combo and insane in-game situations with the character tag system.

Go and out and play it because this game needs more player and love, and fewer haters.. How do I activat the Charachter pass???? Help!!

Characters are not even accessible for those people who have the season pass. It is now 3:30 PM (PST) on the release of the first 3 characters and they are unplayable.

Reports of people purchasing the individual character options working fine. Way to take care of the customers who backed the DLC beforehand. Vs. So the characters appear on the Steam Store available to buy, but not in my library with the character pass. I'm disappointed I spent the extra 30\$, but I want the characters and I only had bought the base game. Monster Hunter looks great as a character, but no X-Men, so... it just leaves a nasty taste in my mouth. Despite how fun the fighting mechanics are. If I have to pay for the next batch of characters after these six. COUNT ME OUT.. what is a costume pass why not include deluxe [edition,why?.. Capcom\u2665\u2665\u2665\u2665\u2665\u2665the bed again. Bought it in good faith. 3 DLC characters dropped today and are not unlocked for PC yet. :\(](#)

[Update: Dec. 5th DLC is locked for me as a Character Pass holder, but I can buy them for 7.99 each! Thanks Capcom! You did it again!](#)
